TO WHOM IT MAY CONCERN

RE: FlareSafe, portable safety product

Here at the British Red Cross we have been using FlareSafe since 2006.

FlareSafe is provided to our staff sent on assignments around the world, and has performed extremely well over the past two years.

FlareSafe gives us extra confidence that our staff are safe no matter what environment they are staying in. In so doing it helps us to show them that we take their health and safety concerns seriously.

We see FlareSafe as making an important contribution to the health and safety of our staff, and recommend FlareSafe to any organization that sends its employees overseas.

Kind Regards
